

GEMS AMERICAN ACADEMY
GR 7
16TH – 19TH OCTOBER

Overview

Coming away on an Ecoventure camp is exciting and informative. Students gain increased personal awareness and a greater appreciation of the outdoors. We have a wide selection of activities to engage the students and we have designed all the programs to be challenging and educational.

Ethos

All our qualified instructors live to teach and instruct outdoor activities in an empowering atmosphere that gives each student greater confidence.

- Discover, learn, experience

Activities

The activities below have been planned in line with the trip coordinator from the school. Please refer to learning outcomes for a more detailed look at the skills that will be covered on camp.

Camp Location

<http://goo.gl/dLWBXG> - Ecoventure, Al Jeer

Safety

On all Ecoventure camps safety is the number one priority. Our team of instructors guide and teach students through the activities allowing each individual to learn at their own pace.

Please attend the parents evening to learn more about this process.

Base Camp

Our purpose built centers have the necessary facilities to allow students a comfortable stay on camp without compromising experiencing nature at first hand. Each camp comes fully equipped with toilets, showers, dining areas and briefing tents. Our team remains on duty throughout the duration of the student's camp ensuring there is always some one on hand to assist.
