
WILDCATS JOURNALISM CLUB

Issue 01

Introducing our WildCats reporters

Our new team of journalists!

We would like to take this opportunity to introduce our Wildcats Journalism Club Members. These students have been working very hard during the last eight weeks to organize and create this Journalism Club. As part of their ASA (after school activity), the members of this club will be learning and developing skills to manage the process of creating articles, interviews, and advertisements. During the next issue, this enthusiastic group will be revealing the member of the GAA community whom they have chosen to interview to find out more about their lives. For now, just try to guess who is the first interviewee.
