

Wildcats Journalism Club

A special interview to Mr. Abraham

I was born in the city of Chicago, Illinois, U.S.A.

My Mom said I was the hairiest baby she has ever seen!

I have lived and worked in the US, Australia, and now here in U.A.E.

My background is very international too! My mom is from the Philippines and my dad is from India. They speak English, Tagalog, and Malayam.

When I reached important goals and achievements in my life, I like to share them with my family and have a great meal together to celebrate.

My favorite food is a good steak!

My favorite Quote is:

“Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that”.

Martin Luther King

Mr. Abraham with the wildcats reporters at the end of the interview.

The best part of my job is working with all the students and learning from them. I really appreciate the diversity of countries and cultures we have here at GAA.

Whaaaat! Do you want me to dance right now?

My rugby championship medal

My favorite sport is rugby.
